

MUANCE

## Introduction *of* Muance

Majestic walls with nuance

**Muance** is a Dutch contemporary design brand with a unique focus on digital wallpaper products, printed on exceptional materials. The Muance **wallpaper** collection offers a diverse range of beautiful, colorful and stylish designs which can be suited in most enviroments with the added potential to inspire the eye of the beholder. **Interior** design is ever evolving, styles and ideas are continuously flowing and the need for “out of the box” thinking is growing by the day. Do you have a profound interest for daring designs and are you in need of a wallpaper that will **transform** your space? Indulge yourself and **embrace** what Muance has to offer.

*Designed by*  
DENNIS VAN ZANDEN

A conceptual **thinker** with a mind that tends to wander off into the unknown, Dennis van Zanden is a South African dreamer and Dutch designer with a unique perspective for “new age” artistic mixed media design. He has mesmerizing passion and desire to bring bold forms of contemporary art to plain canvasses and he tends to use beautiful and idiomatic methods when creating them.

Being **rebellious** in terms of graphic design is his main skill set, but he believes that loving what you do and being at **peace** with yourself when doing it, is the biggest skill achievable.

---

A woman with a golden face and eyes, surrounded by a geometric pattern and floral motifs. The woman's face is the central focus, with her eyes closed and a serene expression. Her skin is a deep, metallic gold, and her eyes are also golden. She is wearing a dark, textured garment. The background is a dark, starry space with a complex, golden geometric pattern of interconnected lines forming a mesh-like structure. There are also floral motifs, including a large, detailed flower in the lower left and some smaller, more ethereal floral shapes in the upper right. The overall composition is symmetrical and highly detailed, with a strong contrast between the golden elements and the dark background.

“THE GREATEST POWER,  
IS OFTEN SIMPLE  
PATIENCE”

DINING WITH  
*Mona*

## Someone stole Mona's heart

In 1911 the painting was stolen, causing an immediate media sensation.

People flocked to the Louvre to view the empty space where the painting had once hung, the museum's director of paintings resigned, and the poet Guillaume Apollinaire and artist Pablo Picasso were even arrested as suspects. Two years later an art dealer in Florence alerted local authorities that a man had tried to sell him the painting. Police found the portrait stashed in the false bottom of a trunk belonging to Vincenzo Peruggia, an Italian immigrant who had briefly worked at the Louvre fitting glass on a selection of paintings, including the Mona Lisa. He and two other workers had taken the portrait from the wall, hid with it in a closet overnight, and ran off with it in the morning. Peruggia was arrested, tried, and imprisoned, while the Mona Lisa took a tour of Italy before making its triumphant return to France.

# Technical material specifications

## Matt non-woven

The Muance matt non-woven wallpaper is a dimensionally stable product that is most commonly used for the residential market. The base is made out of a fabric-like material made from long fibers, bonded together by a heat treatment. This process creates a mesh that bonds the wood fibers tightly together making the product extremely durable. The matt non-woven is made without textured embossing and an additional protective varnish (heavy metal free) is added for extra washability and scrub resistance.

- PVC free and environmentally friendly
- Weight: 155g/m2
- Thickness: 0.16 mm
- Printed with ECO friendly toner dry ink
- UV-resistant
- Fire Classification Bs1-d0 (European) & ASTM 84 (American)
- No addition of formaldehyde or heavy metal compounds.
- Width: 50 cm (19,68 inch)
- Dry-removable: comes off easily.
- Matt finish
- Residential material

## Textured Vinyl

Muance uses a brilliant white textured vinyl wallcovering with a non-woven backing. It is suitable for a whole range of applications, from an personalized mural for consumers or a tailor made and decorative wallcovering for hotels, offices or (healthcare) institutions, to a durable shop interior or creative set design. The textured coated surface ensures a striking and vibrant color range.

- Vibrant colors
- Weight: 350g/m2
- Thickness: 0.50 mm
- Printed with ink (Green guard certificate, low chemical emissions)
- UV-resistant
- Fire Classification Bs1-d0 (European) & ASTM 84 (American)
- Width: 50 cm (19,68 inch) & 100 cm (39,37 inch)
- Dry-removable: comes off easily.
- Textured finish
- 100% Anti-Microbial (treated with biocide)
- Contract material
- Super washable
- Scratch resistant

## Textile

Muance uses a high end quality textile wallcovering with actual cotton threading , the substrate is extremely durable, breathable, stain- resistant and provides exceptional insulation. Due to it's textile top layer, the wallcovering get a unique and gorgeous high end effect.

- Weight: 250g/m2
- Thickness: 0.50 mm
- Printed with ink (Green guard certificate, low chemical emissions)
- UV-resistant
- Fire Classification Cs1-d0 (European) & ASTM 84 (American)
- Width: 50 cm (19,68 inch) & 100 cm (39,37 inch)
- Dry-removable: comes off easily.
- Textile wallcovering
- Contract quality
- Super washable
- Scratch resistant
- High end effect

## Metallic range

The Muance metallic (gold, silver and cropper) range offers you the opportunity to add a glamorous metallic effect to your wall. With a metallic coating on top of a dimensionally stable non-woven backing, the wallpaper is suited for the residential market and the contract market.

- Metallic effect
- Weight: 220g/m2
- Thickness: 0.25 mm
- Printed with ink (Green guard certificate, low chemical emissions)
- UV-resistant
- Fire Classification Bs1-d0 (European) & ASTM 84 (American)
- Width: 50 cm (19,68 inch)
- Dry-removable: comes off easily.
- Contract quality
- Super washable

# Pasting Guide

## Step 1:

- Take the time to orientate
- Unpackage and unroll the wallpaper on a flat clean surface
- Pay attention to each panel number on top of every panel, this must follow in sequence (panel 1,2,3,4 ect..)

## Step 2:

- Your wall must be completely flat, clean and dry. Levels rough surfaces, rough, holes and uneven spots.
- Your wall should be a uniform color. If not, you may notice differences in color on your wall once installed. If your wall has multiple colors, we recommend that you paint again.
- Make a vertical line with a plumb line on the left edge of the area you want to cover with the mural. If you have a plumb, one can make your own by tying a heavy object on the end of a rope. This line is very important because it is the guide to start placing your mural.

## Step 3:

- Applying glue on the wall evenly using a brush or a paint roller. Start distributing from the line you marked as a guide to the plummet. Don't paste the entire wall, do it only in the area that will cover the first panel on the left, leaving a few inches outside the right.
- Apply the first panel of the mural on the wall starting at the top left. Check that is aligned with the guide.
- Press against the paper with a dry roller or sponge to remove any air bubbles.
- Place the following panels in the same way in numerical order. The panels must not be mounted on each other but are set on edge.

## Step 4:

- Clean the excess glue with a damp sponge.
- With the help of a ruler and a cutter, adjust the sides and the top and bottom of the wall if necessary.
- Let the wall dry for 24 hours; you will get a perfect final result
